

# Charte graphique de Rennes Métropole, Ville et CCAS

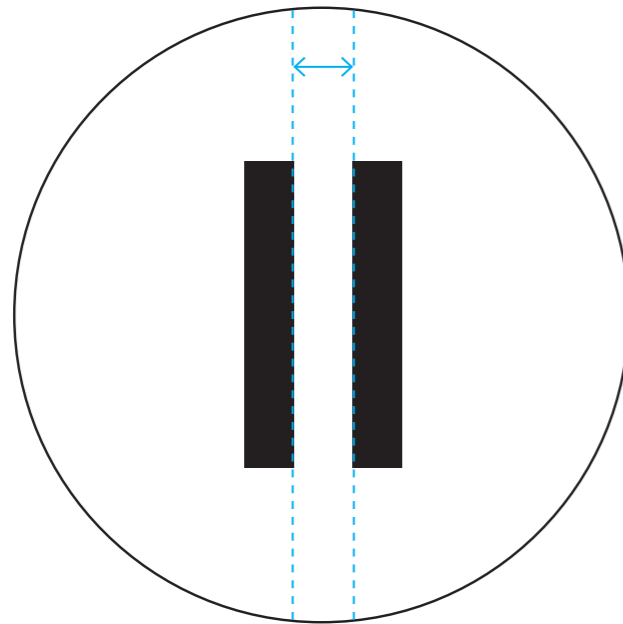

# A. Fondamentaux

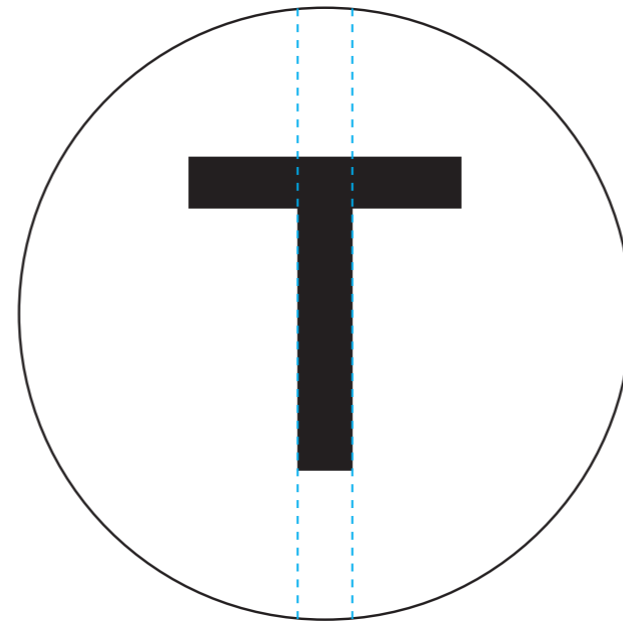

## 10. Le système iconographique

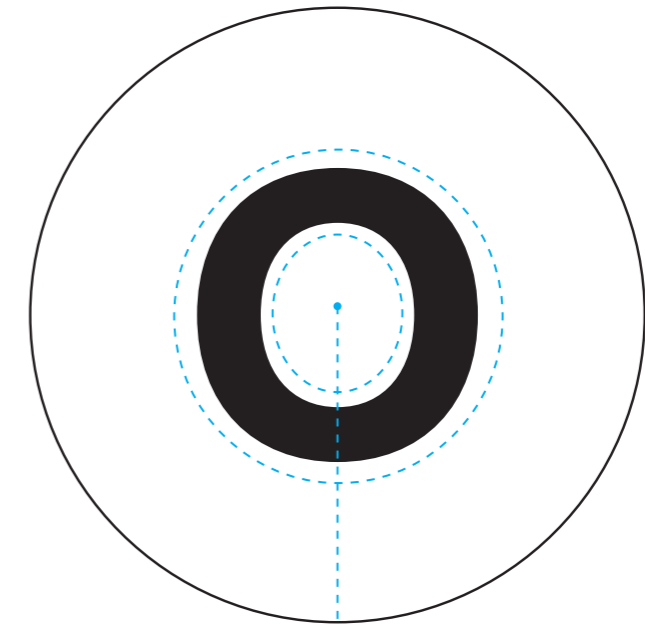

**Note:** Les pictogrammes ont un tracé ouvert, pour permettre la circulation du blanc et rappeler le monogramme R.

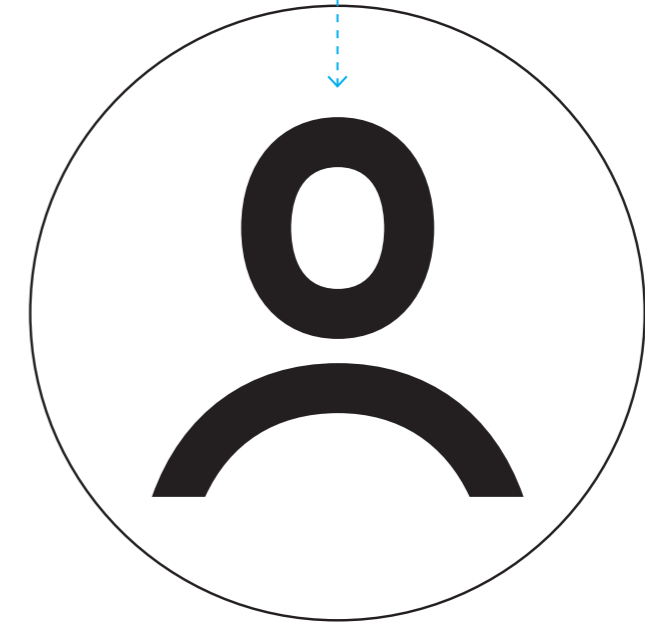

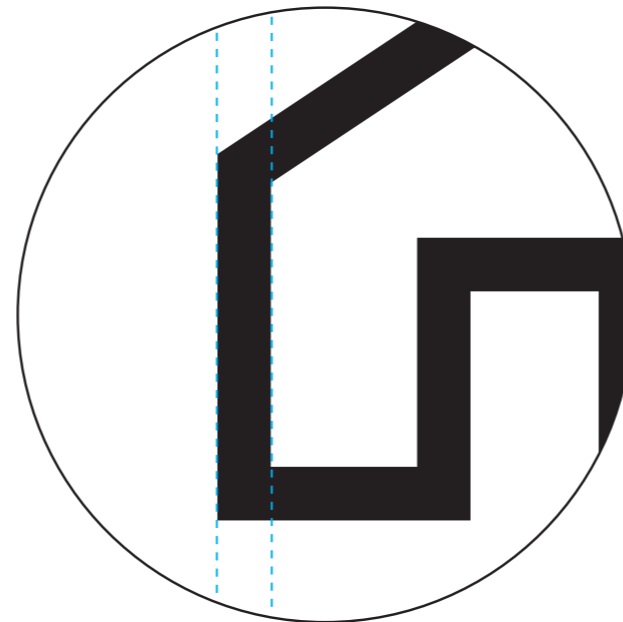

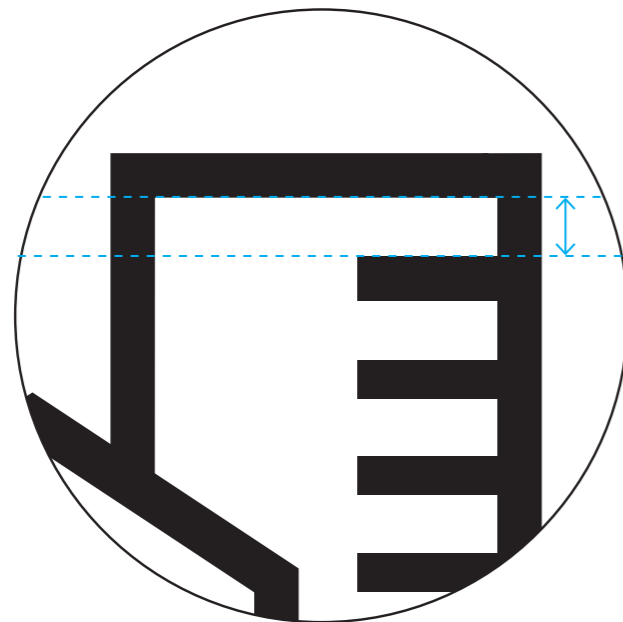

La largeur des espaces est la même que celle de la police

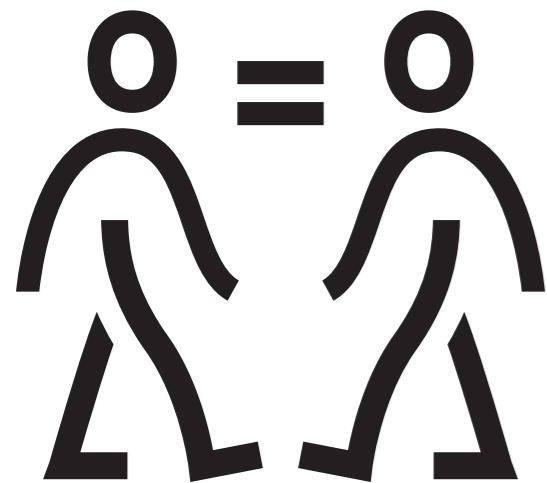

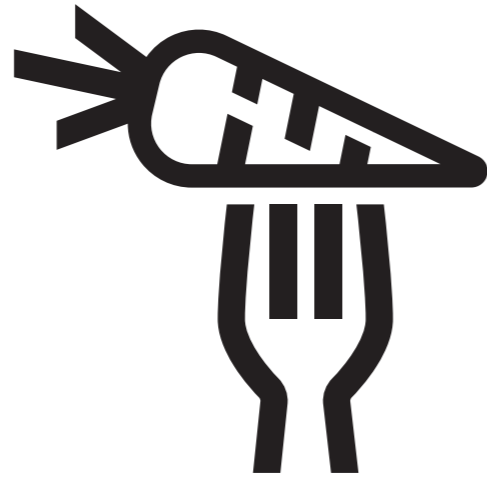

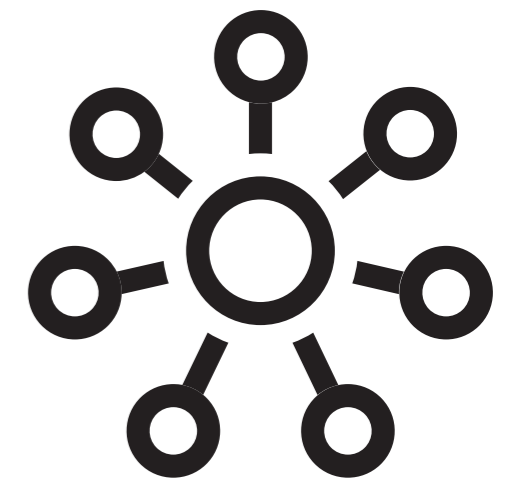

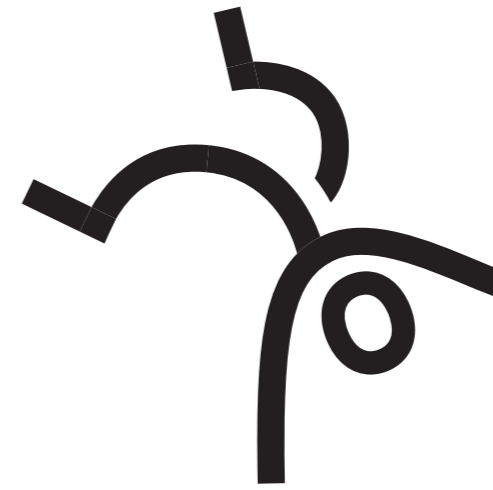

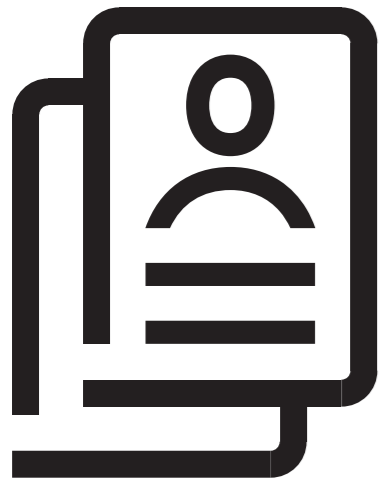

La largeur du trait est similaire à celle du fut d'une capitale

Les formes arrondies s'inspirent du o minuscule: ni rond, ni ovale

**Note:** Lorsque le contexte le permet, les pictogrammes peuvent être utilisés en bichromie (noir + 1 couleur)
